File Handouts			1	2
Social Media Links	✓	✓	✓	✓
Multiple Private tables within Booth	1	2	3	6
Pin notifications (text & link)	1 Text	1	1 per Day	2 per Day
Logo hyperlink via the Landing page to company website	✓	✓	✓	✓
Sponsor recognition during congress	✓	✓	✓	✓
Giveaways/competitions		1	2	3
Video advert between sessions			3min	5min
Animated logo screens between sessions with different timing		20%	35%	45%
Promotional material handout via platform	1	2	4	6
Logo size on slides between speakers and during intervals		Medium	Large	X Large
Product Session (representatitve from sponsor)			2min	5min
Post Conference				
Access to attendee list				✓
Access to event recordings		✓	✓	✓
Landing page logo		✓	$\checkmark$	✓
Post-event marketing logo/hyperlink on email/social media etc.		✓	✓	✓

## **PROGRAMME THEMES**

### Day 01

THURSDAY | 11 MARCH

### Day 02

FRIDAY | 12 MARCH

### Day 03

15:45 Platform open/Check in 16:00 Welcome and Speaker Introductions  16:10 Mass capture: sable and others - Andre Uys 16:40 The ins and outs of pulse oximetry in wild mammals - Leith Meyer  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  17:30 Live Discussion 17:45 Tea/Break 18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  18:35 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift 18:50 AGM 19:50 Fireside chat sessions Lounge						
Speaker Introductions  Anaesthesia  16:10 Mass capture: sable and others - Andre Uys  16:40 The ins and outs of pulse oximetry in wild mammals - Leith Meyer  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  A Laboratories and Testing  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  Anaesthesia  17:30 Live Discussion  17:45 Tea/Break  18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  Disease General  17:30 Live Discussion  17:45 Tea/Break  17:30 Post Release Monitoring of translocated elephants in open systems - A Case Study - Erik Verreyne  17:45 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift  18:50 AGM	15:45	Platform open/Check in	15:00	Welcome & Check in		
16:10 Mass capture: sable and others - Andre Uys  16:40 The ins and outs of pulse oximetry in wild mammals - Leith Meyer  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  Laboratories and Testing  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  Anaesthesia  17:30 Live Discussion  17:45 Tea/Break  18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  Disease General  18:35 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift  18:50 AGM	16:00		兆 Pai	<b>巻</b> Parasites		
16:10 Mass capture: sable and others - Andre Uys  16:40 The ins and outs of pulse oximetry in wild mammals - Leith Meyer  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  17:30 Live Discussion  17:45 Tea/Break  18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  17:45 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift  18:50 AGM	·		15:10	treatment required - Johan		
others - Andre Uys  16:40 The ins and outs of pulse oximetry in wild mammals - Leith Meyer  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  Laboratories and Testing  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  Anaesthesia  17:30 Live Discussion  17:45 Tea/Break  18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  Disease General  18:35 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift  18:50 AGM  Anaesthesia  17:40 Laboratories and Iesting  15:50 Challenges of OBP and security of future vaccine supply - Baptiste Dungu  15:50 Challenges of OBP and security of future vaccine supply - Baptiste Dungu  16:40 As a vet, are you ready to diagnose and prevent further spread of FMD? - Mpho Maja  16:25 Live Discussion  16:40 Tea/Break  17:30 Water based perphenazine - Hendrik Hansen  17:30 Post Release Monitoring of translocated elephants in open systems - A Case Study - Erik Verreyne  17:45 Identifying potential measures of stress during a captive to wild elephant re-integration - Yolanda Pretorius  18:00 Physiological effects of azaperone and midazolam on netgun captured mule deer - Anette Roug	16:10	Mass canture; sable and		Steyl		
issues - Jacques O'Dell, Adri Grobler?  17:00 The reliability of pulse oximetry, at four different attachment sites, in immobilized white rhinoceros Ceratotherium simum - Thembeka Mtetwa  Laboratories and Testing  17:15 Cytology and serum biochemistry of free ranging and wounded elephants - Christine Steyrer  Anaesthesia  17:30 Live Discussion  17:45 Tea/Break  18:15 Considerations when transporting an elephant family group by sea - Ulf Tubbesing  Disease General  17:45 Haematologic abnormalities in roan calves (Hippotragus equinus) with experimental pathogenic theileriosis - Sarah Clift  18:50 AGM	10.10		riangle Laboratories and Testing

SAION	DAY   13 MARCH
08:50	Welcome & Check in
<b>₿</b> ॐ Clir	mate Change / One Health
09:00	Biologging of body temperature as a tool to investigate responses of mammals to climate change - Andrea Fuller
09:15	Limits to avian heat tolerance in a rapidly warming world - Andrew Mackechnie
09:30	Pangolins exhibit behavioural and physiological plasticity in response to fluctuations in climate and food availability - Wendy Panaino
09:45	Benefit of grazing African grassland to the human populations, the environment and the climate - Jacques van Rooyen
10:00	Live Discussion
10:15	Tea/Break
🏥 Di	sease General
10:45	Covid in puma (case study) and other animals - Katja Koeppel
11:00	A clinical case of babesia in black rhino - A lockdown story - David Zimmerman
11:15	Lead levels in South Africa's Gyps vultures: prevalence and sub-lethal impacts - Linda van der Heever
11:30	Summersores and related mortalities in zebra - Angela Bruens
11:45	Live Discussion
12:00	Lunch
12:45	Rabies in Kudu (and Eland) in Namibia - Ulf Tubbesing
13:05	Rabies in Rhinoceros in Namibia - Ulf Tubbesing
□ <b>%</b> Co	onservation
13:25	New developments in community conservation - TBA
<u>م<u>†</u>ه Et</u>	hics & Welfare
13:40	Decline of the Knysna elephant - an ethical consideration - David Zimmerman
13:55	Live Discussion
14:10	Animal welfare in the wildlife Industry - Annelie Cloete
Aı	naesthesia
14:25	Emergency care for veterinarians working with highly sedative tranquilizing agents - James Morrow
14:40	Tranquilisers - Cobus Raath
14:55	Species based immobilisation: similarities and differences - Hendrik Hansen/Vanessa Faber
15:10	Live Discussion & Closing

# Event Platform Expo Booth Features

1. Reception: Exhibitor exposure upon entry of the

Virtual Platform
The Network Lounge is a super
popular feature at Airmeet. It allows
networking where attendees join in
a video conference with other coattendees and trade representatives,

on a virtual table. It provides a fantastic way to network and to interact organically with the speakers and attendees

- 2. The Expo Arena is highly visible and Sponsors can be tiered according to sponsorship category.
- 3. Customisable Booth Add videos and handouts to your virtual booth. Customers can request information on the "Enquire button"
- 4. Private Meeting rooms Connect, communicate, and network with your customers and prospects inside private meeting rooms at your booth

The system provides an HD Quality audio-video experience, with no downloads required. The interface is extremely user-friendly for anyone attending the event be it an audience member or a speaker
